this groundbreaking three volume set spotlights how conditions around the world are affecting the healthy development of adolescents in their respective environments on all six continents continually unstable or perpetually poor economic conditions globalization and rapid technological change are just three of the forces affecting a group 1 2 billion strong today a demographic poised to become our world leaders and catalysts in the not too distant future the world s adolescents led by two editors who have been dedicated to studying adolescent development worldwide for decades this novel collection of works from contributors in more than 40 countries emphasizes how possibilities for healthy mental and physical development are affected by the difficulties youths face in their countries and how these challenges have shaped and are shaping contemporary teenage life today the set comprehensively addresses issues for adolescents across the globe such as the day to day challenges of poverty inadequate education violence or war disease reproductive matters globalization and technological challenges and more while also providing a strengths based focus in the volumes showing how and why some teenagers in each country have surmounted the challenges and forged stronger characters to better their worlds these stories document more than personal victories and their experiences matter to far more than the adolescents

themselves in its state of the world s children 2011 report unicef noted that the world community needs to turn its attention to adolescents in need explaining that focusing on this large and potentially powerful group makes economic sense as well as being a necessary step in working towards achieving human justice by addressing the risks challenges and strengths of teenagers as a group in countries worldwide this work serves to break the cycle of poverty violence discrimination and death for adolescents

la universidad nacional autónoma de méxico es la decana de las editoriales universitarias en méxico pues comenzó a editar desde su fundación en 1910 sus ediciones han servido de modelo para el libro académico mexicano que por lo general tiene su origen en las investigaciones realizadas en sus cubículos y laboratorios esa vocación de creación y difusión del libro ha mostrado la universidad cuando en la década de 1920 abrió campañas para alfabetizar al país y cubrir el territorio mexicano de bibliotecas cuando desde hace más de 90 años inició los cursos de profesionalización para editores cuando en 1938 introdujo a méxico los primeros tipos de imprenta matemáticos astronómicos químicos y griegos y cuando ha venido organizando la feria del libro de mayor tradición en el país el sello editorial universitario es de abolengo porque tiene historia pero también es de pervivencia porque se ha preocupado por dar continuidad a los proyectos por mirar hacia el futuro cultura editorial universitaria es un examen de esa historia y del sistema que la mantiene vigente

en la publicación del quinto informe de evaluación del panel intergubernamental del cambio climático ipcc por sus siglas en inglés el documento más exhaustivo sobre el tema hasta la fecha está claramente establecida la influencia humana en el clima y los efectos negativos que tienen nuestras actividades en el cambio climático los efectos negativos se traducen en el aumento de la temperatura de la atmósfera en la acidificación de los océanos en los

cambios en el ciclo global del agua en el deshielo de los glaciares y en una frecuencia mayor de eventos climáticos extremos se sabe que los países en vías de desarrollo no son los más responsables del cambio climático pero sí son los más sensibles a sus efectos por varios motivos sus economías dependen mucho de sectores vulnerables al clima tales como la agricultura la forestaría y la energía hidroeléctrica además por razones económicas son menos capaces de hacer frente a los impactos de unas condiciones climáticas extremas por lo tanto hoy se publican muchos reportes y estudios sobre el cambio climático en países en vías de desarrollo
