This is the eighth quadrennial report on the use of economic instruments in Nordic environmental policy published by the Nordic Working Group for Environment and Economics. The report comprises two parts. Part I summarises the use of economic instruments in environmental policies of the five countries during the period 2014-2017. It provides an overview of new instruments and major changes to existing instruments, a detailed country-by-country description of these developments and a cross-country comparison. Part II provides an overview of the use of voluntary environmental agreements in different environmental sectors across the Nordic countries. It includes an overview and synthesis of studies that have evaluated the effects of voluntary environmental agreements.
